2. Roll Call.
3. Land Acknowledgement: The City of Berkeley recognizes that the community we live in was built on the territory of xučyun (Huchiun (Hooch-yoon)), the ancestral and unceded land of the Chochenyo (Cho-chen-yo)-speaking Ohlone (Oh-low-nee) people, the ancestors and descendants of the sovereign Verona Band of Alameda County. This land was and continues to be of great importance to all of the Ohlone Tribes and descendants of the Verona Band. As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000-year history of a vibrant community at the West Berkeley Shellmound, and the Ohlone people who continue to reside in the East Bay. We recognize that Berkeley's residents have and continue to benefit from the use and occupation of this unceded stolen land since the City of Berkeley's incorporation in 1878. As stewards of the laws regulating the City of Berkeley, it is not only vital that we recognize the history of this land, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities today. The City of Berkeley will continue to build relationships with the

Lisjan Tribe and to create meaningful actions that uphold the intention of this land acknowledgement.

Fair Campaign Practices Commission

Date: November 15, 2024

From: Samuel Harvey, Secretary
Lauren Packard, Acting Secretary
Stephen Hylas, Acting Secretary

Subject: Complaint re: Yes on Measure CC, No on Measure BB Sponsored by Coalition of Concerned Housing Providers

On September 28, 2024, the Commission received the attached complaint ("Complaint") (Attachment 1) alleging that the committee "Yes on Measure CC, No on Measure BB, Berkeley Rental Housing Coalition Sponsored by Berkeley Property Owners Association" (the "Committee") violated the Berkeley Election Reform Act ("BERA") (BMC Ch. 2.12) by (1) failing to report a \$35,000 nonmonetary late contribution from the National Association of Realtors and (2) failing to report the same contribution on its pre-election campaign statement for the relevant period (Form 460).

On October 31, 2024, the complainant filed an amended complaint ("Amended Complaint") (Attachment 2). The Amended Complaint alleges that the Committee violated BERA when it (1) filed its Form 497 late; (2) failed to disclose the \$35,000 nonmonetary contribution on its first pre-election statement (Form 460); (3) failed to disclose the contribution in its two campaign websites and in one advertisement hyperlinked in the complaint and to one Facebook advertisement hyperlinked in the complaint; and (4) impermissibly changed its name from "Berkeley Rental Housing Coalition – Sponsored by Berkeley Property Owners Association" to "Yes on Measure CC/No on Measure BB Sponsored by Coalition of Concerned Housing Providers."

Staff have reviewed the allegations and made the following determinations:

- (1) The Committee failed to file a Form 497 disclosing the late contribution in question by August 31, 2024, but corrected the error by filing the Form 497 on September 30, 2024. With regards to this allegation, staff recommend the Commission find probable cause to conclude that BERA section 2.12.295 was violated by the failure to promptly disclose the contribution.
- (2) The Committee failed to disclose the contribution in question on its September 27, 2024 Form 460, but corrected the error by filing an amended statement on October 1, 2024. With regards to this allegation, staff recommend the Commission find probable cause to conclude that BERA section 2.12.295 was violated by the failure to promptly disclose the contribution. The Commission may wish to consider whether the fact that the Committee remedied this possible violation within four days indicates that this possible violation had "only a slight impact on the administration of BERA and/or the outcome of any election [such] that further proceeding would be an inefficient use of resources." (See FCPC Procedures VI.B.1.)

- (3) There is ambiguity regarding the application of BERA's "major funding" disclaimer requirements to a campaign website, and there is therefore insufficient basis to find probable cause that the two websites violated BERA's "major funding" disclosure provisions. With respect to this allegation, staff recommend that the Commission dismiss the complaint and take no further action.
- (4) The Facebook ad did not violate BERA's "major funding" disclosure provisions. With respect to this allegation, staff recommend that the Commission dismiss the complaint and take no further action.
- (5) There is insufficient evidence to conclude that the online .pdf is a paid advertisement that violates BERA's "major funding" disclosure provisions. With respect to this allegation, staff recommend that the Commission dismiss the complaint and take no further action.
- (6) BERA does not contain express provisions concerning the naming of campaign committees, which is instead governed by state law. Nonetheless, staff conclude that the Committee name is likely permissible under state law. With respect to this allegation, staff recommend that the Commission dismiss the complaint and take no further action.
- (7) The Facebook ad includes the incorrect Committee name in violation of BERA. With respect to this allegation, staff recommend that the Commission make a finding of probable cause that BERA section 2.12.335.A. was violated.

Staff Investigation of Allegations

A. Form 497: Failure to Timely Disclose Late Contributions

BERA section 2.12.295 provides that "late contributions of one thousand dollars or more shall be reported to the City Clerk within twenty-four hours of receipt." A "late contribution" means "contributions of one thousand dollars or more received within the reporting period specified in California Government Code Section 82036." (BMC § 2.12.145.) The period specified in this provision of the Government Code is the 90-day period preceding the election.

The Amended Complaint alleges that on August 30, 2024, the National Association of Realtors gave a \$35,000 non-monetary contribution to the Committee, but the Committee failed to file the requisite Form 497 disclosing this contribution by the 24-hour deadline. (Attachment 2 at 3.)

After receiving the Amended Complaint, staff reviewed the Committee's public filings. The Committee filed a Form 497 on September 30, 2024 reporting the August 30, 2024 late contribution. (Attachment 3). Therefore, the allegation that the Form 497 was late-filed in violation of BERA appears to be well-founded, although the Committee ultimately corrected the error.

B. Form 460: Failure to Disclose Late Contributions

The Amended Complaint also alleges that the Committee failed to disclose the \$35,000 non-monetary contribution from the National Association of Realtors on its first pre-election statement. BERA section 2.12.295 provides that “late contributions shall be reported on subsequent campaign statements in addition to” the Form 497, i.e. the late contribution must also be reported on the Committee’s Form 460 covering the reporting period in which the late contribution occurred.

Staff reviewed the Committee’s public filings. The Committee failed to disclose the August 30, 2024 contribution on its Form 460 covering the period July 1, 2024 to September 21, 2024, which was filed on September 27, 2024. (Attachment 4.) However, the Committee subsequently filed an amendment to this Form 460 on October 1, 2024 that disclosed the contribution. (Attachment 5.) Therefore, the allegation that the Committee failed to report the \$35,000 contribution on its initial Form 460 appears to be well-founded, although the Committee corrected the error by filing an amendment four days after the initial filing.

C. Failure to disclose major funding on two websites and two advertisements

i. Legal Background

BERA provides that “[c]ampaign communications supporting or opposing any candidate or measure shall include the name of the committee and the phrase ‘Major Funding Provided By’ immediately followed by the name of the contributor, the city of domicile, and the total cumulative sum of contributions by each of the top four contributors over \$[270] to the committee funding the expenditure made within six months of the expenditure.” (BMC § 2.12.335.A & 2.12.545.)

For the purposes of this requirement, a “campaign communication” includes “paid advertisements, including but not limited to advertisements in newspapers, magazines, and on the Internet.” (BMC § 2.12.335.B.) A “campaign communication” also includes “[o]ne thousand or more substantially similar e-mails or pre-recorded telephone calls made within a calendar month” and “campaign literature” such as “mailers, flyers, pamphlets, and door hangers.” (BMC § 2.12.335.B.)

The Commission has promulgated the following regulation pertaining to the application of the disclaimer requirements in Section 2.12.335 to text or graphic “electronic media” advertisements:

The disclosure information in a text or graphic electronic media advertisement must appear in letters at least as large as the majority of the text in the advertisement, or alternatively, if the advertisement is limited in size (e.g., a micro bar, button ad, paid text advertisement that is limited to 500 characters or less in length, or small paid graphic or picture link), the disclosure is displayed via link to a webpage with disclosure information or other technological means that provide the user with disclosure information. In addition, the disclosure information must be visible until the user clicks through the disclosure information, and the disclosure information must appear with a reasonable degree of color contrast between the background and text of the statement as to be legible. (FCPC Reg. R2.12.335(b).)

ii. Analysis

The Amended Complaint alleges that the Committee failed to disclose the \$35,000 nonmonetary contribution from the National Association of Realtors on two campaign websites and one online advertisement. (The Amended Complaint provided hyperlinks to the websites and ad; see Attachments 6, 7, and 8 for images downloaded by staff.) Additionally, the Amended Complaint alleges that “numerous online paid advertisements are violating [BERA] (e.g. ads they are running on Facebook and Instagram.” The Amended Complaint provides a link to one Facebook ad, which is analyzed in this report.¹

First, campaign websites are not expressly included in BERA’s definition of “campaign communications” for the purposes of the “major funding” disclaimer requirement. The portion of the definition of “campaign communication” which may cover campaign websites is “paid advertisements, including but not limited to advertisements in newspapers, magazines, and on the Internet.” (BMC § 2.12.335.B.2.) While a committee certainly may incur website hosting and development costs in maintaining a campaign website, this is somewhat different than the purchase of advertising space on a newspaper, magazine or third-party website.

Language elsewhere in section 2.12.335 comports with an interpretation of “paid advertisements” as advertisements taken out in a publication or third-party website rather than a campaign’s own website. BERA section 2.12.335.D.1 provides rules for updating “major funding” disclaimers when a committee’s top contributors have changed. That subsection provides that for “paid advertisements” in subsection 2.12.335.B.2, “disclosures must be updated within seven calendar days to include current disclosure information every time an order to reproduce the campaign communication is placed, or any time the campaign communication is reprinted.” The references to placing orders to reproduce and reprinting suggest that section 2.12.335.B.2 is best read to refer to advertisements “taken out” with third-party print or online media and not a campaign’s own website.

However, similar language regarding “paid” advertisements in state law points toward including campaign websites within the disclaimer requirement. Under the Political Reform Act (“PRA”) (Gov. Code § 81000 et seq.), campaign “advertisements” are required to include “paid for by” disclaimers. (Gov. Code § 84502.) The PRA defines “advertisement” as “any general or public communication that is authorized and *paid for by* a committee for the purpose of supporting or opposing a candidate or candidates for elective office or a ballot measure or ballot measures.” This requirement applies to campaign websites. (See Gov. Code § 84502(c) (describing website disclaimer requirements).) Because campaign websites fall under the state definition of advertisements “paid for by” the committee, it may be reasonable to conclude that websites also fall under BERA’s understanding of “paid advertisements” for the purpose of defining “campaign communications” subject to the “major funding disclosure” rules.

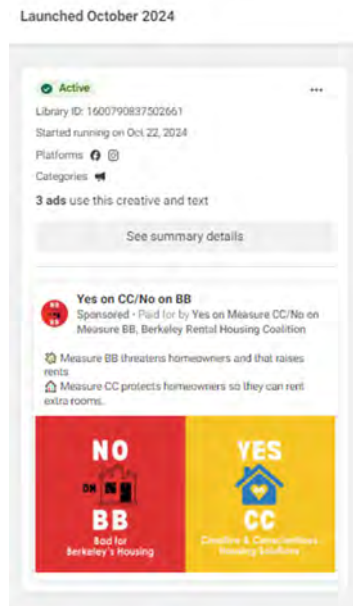

Finally, the general policy behind BERA section 2.12.335 of ensuring the public is aware of a campaign’s major funding sources when it sees media presented by that campaign suggests campaign websites were intended to be subject to the “major funding” disclosure requirement. Nonetheless, given the ambiguity in section 2.12.335, staff are reluctant to conclude with certainty that the “major funding” requirement clearly applies to a campaign’s own website.

However, there is another situation in which a campaign website must include a “major funding” disclaimer. Specifically, when an online advertisement which requires a “major funding” disclaimer is limited in size (e.g. a micro bar, button ad, etc.), FCPC regulations provide that the disclosure may be displayed via link to a webpage that contains the disclosure information. (FCPC Reg. R2.12.335(b).) Campaigns typically fulfill this requirement by including the disclaimer on their campaign’s website.

The Facebook ad for Yes on CC/No on BB, for example, is limited in size:

Staff confirmed that the Facebook ad hyperlinks to the No on Measure BB website, which includes the following disclosure:

Similarly, it is likely that other online ads link to the Yes on Measure CC website. The disclosure on the Yes on Measure CC website reads:

Paid for by Yes on Measure CC/No on Measure BB
Sponsored by Coalition of Concerned Housing Providers, FPPC #13795546
Major Funding Provided by National Association of Realtors (Chicago, IL \$195,000)
California Association of Realtors (Los Angeles, CA \$40,000)

Both the No on Measure BB and the Yes on Measure CC website disclosures appear to comply with Section 2.12.335.A of BERA. In the past six months, the National Association of Realtors contributed equivalent to \$195,000 to the Committee: \$35,000 on August 30 and \$160,000 on October 16. (Attachments 5 and 9.) In the past six months, the California Association of Realtors contributed \$40,000 to the campaign: \$20,000 on October 14 and \$20,000 on October

21. (Attachments 9 and 10.) Based on the Committee's public filings, it appears no other contributor has made contributions totaling over \$250. Therefore, to the extent that small online advertisements link to the No on Measure BB or Yes on Measure CC websites, their "major funding" disclosures appear to be compliant with BERA.

While the Amended Complaint alleges the websites do not include the requisite disclosures, it does not include any screenshots or other evidence showing that the disclosures were non-compliant at any point in time. However, with regards to the Yes on Measure CC website, the online archive the Wayback Machine includes a snapshot of the website on October 7; at that time, the website failed to disclose any major funding, even though the Committee had by that date received \$35,000 from the National Association of Realtors. So, at some point in the past it appears that the Yes on Measure CC website did not contain major funding disclosures.

However, there is no evidence that any button ad has linked to the Yes on Measure CC website to fulfill its major funding disclosure requirement (the Facebook ad above links to the No on Measure BB website). With respect to the Measure BB website, there is no snapshot available of past iterations of the No on Measure BB website, so there is no evidence that its disclosure was ever noncompliant. Therefore, there is insufficient evidence to support a finding of probable cause that the Facebook ad violated BERA's major funding disclosure requirements by failing to link to a website containing the required disclosure.

The Amended Complaint also provides a link to another allegedly noncompliant online advertisement; the link navigates to a three-page online .pdf. (Attachment 8.) This .pdf does not qualify as a size-limited advertisement pursuant to FCPC Reg. R2.12.335(b). The linked .pdf contains a disclosure which reads:

Ad Paid for by Yes on Measure CC/No on BB, Berkeley Rental Housing Coalition
Sponsored by Berkeley Property Owners Association, FPPC #1379546

This disclosure would appear to be noncompliant with BERA, based on the analysis above, because it does not disclose the major funding provided by the National Association of Realtors and the California Association of Realtors. However, under BERA, an online image on its own does not qualify as a campaign communication unless it is a "paid advertisement." (BMC § 2.12.335.B.) The .pdf above is a downloadable version of an image which appears on the campaign's website, which does bear the proper disclosures. Therefore, where the image appears on the website, the disclosure appearing at the bottom of each webpage provides the relevant disclosure. There is no evidence that the downloadable .pdf version of this image was used outside of the context of the website, i.e. circulated in another publication as a paid advertisement. Further, even if it were circulated outside of the compliant website, the ad could have been circulated prior to August 30, when the Committee first obtained a contribution that constituted major funding, and then not circulated again, in which case it would be compliant. Staff conclude that there is therefore insufficient evidence to find probable cause that this online image does not comply with BERA's major funding disclosure provisions.

D. Impermissible Committee Name

i. Legal Background

BERA requires that every committee file a statement of organization, as defined in Government Code Section 84101 *et. seq.*, within ten days after qualifying as a committee pursuant to Section 2.12.095. (BMC § 2.12.255.) BERA does not give further guidance about what must be included in the statement of organization.

However, state law requires that a statement of organization include the name of the committee and provides:

In the case of a sponsored committee, the name of the committee shall include the name of its sponsor. If a committee has more than one sponsor, and the sponsors are members of an industry or other identifiable group, a term identifying that industry or group shall be included in the name of the committee. (Gov. Code § 84102(a); see *also* Cal. Code Regs. Tit. 2, § 18419(b)(1).)

Neither the Government Code nor FPPC regulations offer further specificity or clarity on what types of language or terms are appropriate to identify multiple sponsors who belong to the same industry or group.

ii. Analysis

Because BERA does not contain any requirements relating to the naming conventions applicable to sponsored committees, the Amended Complaint does not appear to allege a BERA violation. That is, while an assertion could be made that the incorporation by reference of the requirement in state law that a committee file a statement of organization also incorporates the provisions of state law concerning the naming of committees on that statement of organization, no express provision exists in BERA pertaining to the naming of committees. The allegations regarding an improperly named committee may therefore fall outside of the FCPC's jurisdiction.

First, the Amended Complaint alleges that the Committee name "Yes on Measure CC, No on Measure BB Sponsored by Coalition of Concerned Housing Providers" is insufficient because it obfuscates the for-profit nature of the sponsors and impermissibly excludes realtors from the sponsor name. The sponsors for the Committee are the National Association of Realtors (which represents realtors) and the Berkeley Property Owners Association (which represents rental housing providers, i.e. landlords).

Even though this allegation may not be addressed by any provision in BERA, it appears the name is proper, or at least that the name does not clearly violate any provisions regarding committee names. As mentioned above, Government Code Section 84102 and its implementing regulations provide that where a committee has two or more sponsors that are members of "an industry or other identifiable group," the name of the committee shall include a term identifying that industry or group. (Cal. Code Regs. Tit. 2, § 18419(b)(1).) The Government Code and its regulations do not articulate a level of specificity required in a name for a sponsored committee that has more than one member belonging to the same group or industry. However, based on staff's research, "Housing Providers" appears to be a widely-used moniker for the industry that includes realtors and landlords, as evidenced by the fact that dozens of similarly situated sponsored committees use similar verbiage in their naming.

E. Failure to state correct name on Facebook ad

BERA requires that a campaign communication including a paid advertisement include the “name of the committee.” BMC § 2.12.335.A. The Amended Complaint also alleges that the Facebook ad name “Yes on Measure CC/No on Measure BB, Berkeley Rental Housing Coalition” was incorrect and should have instead been listed as “Yes on Measure CC/No on Measure BB, Sponsored by Coalition of Concerned Housing Providers.” The Committee changed its name from “Yes on Measure CC/No on Measure BB, Berkeley Rental Housing Coalition” to “Yes on Measure CC/No on Measure BB, Sponsored by Coalition of Concerned Housing Providers” on October 18, 2024. (Statement of Organization (Form 410) Amendment filed Oct. 18, 2024) The Facebook ad started running on October 22, 2024. (See screenshot above.) Therefore, it appears that this Facebook ad violated BERA.²

FCPC Procedures for Probable Cause Findings

Pursuant to the Commission’s Procedures, “Probable cause exists when based on the circumstances presented there is a reasonable basis on which to believe that a violation of the BERA has occurred.” (FCPC Procedures § VI.B.2.) As discussed above, staff conclude that there is a reasonable basis to believe that a violation of BERA has occurred because (1) the Committee failed to file its Form 497 disclosing the late contribution from the National Association of Realtors by the deadline in Section 2.12.295 and (2) failed to disclose the same contribution on its next Form 460. In both instances the Committee corrected its errors by filing amendments. Staff also conclude there is a reasonable basis to believe that a violation of BERA has occurred because (3) the Facebook ad that began running on October 22, 2024 included an outdated Committee name in violation of Section 2.12.335.A. Staff concludes there is not sufficient evidence to form a reasonable basis to believe other violations of BERA have occurred.

If the Commission makes a finding of probable cause, the Commission may take any of the following courses of action:

- a. Dismiss the complaint, where appropriate, and take no further action.
- b. Request the Secretary conduct further investigation, including an audit of campaign records;
- c. Require the timely filing of campaign statements and/or amendments to campaign statements;
- d. Invite the respondent Campaign to participate in settlement negotiations.
- e. Schedule and conduct a hearing pursuant to Section 2.12.230 of BERA.³

² While Section 2.12.335.D.1 provides a seven-day deadline for updating a disclaimer on internet advertisements, that provision is specific to a situation where the list of contributors has changed resulting in a change to the committee’s “major funding” disclaimer language.

³ BMC § 2.12.230: After the commission determines there is probable cause for believing that a provision of this chapter has been violated and makes a good faith effort to give reasonable notice to the person or persons involved in the allegation, it may hold a hearing to determine if a violation has occurred, and may determine an appropriate remedy if a violation is found. The hearing pursuant to this section shall be conducted in an impartial manner, consistent with the requirements of due process. A record shall be

ITEM NO. 9-ATTACHMENT 2

To the Secretary of the Berkeley Fair Campaign Practices Commission:

I hereby lodge the following complaint against the political committee that formerly referred to itself as “Yes on Measure CC, No on Measure BB, Berkeley Rental Housing Coalition Sponsored by Berkeley Property Owners Association”¹ (FPPC ID 1379546), the Berkeley Property Owners Association, the National Association of Realtors (and its affiliates), and the aforementioned entities’ agents regarding violations of the Berkeley Elections Reform Act.

¹ Which has been illegally referring to itself as “Yes on Measure CC/No on Measure BB Sponsored by Coalition of Concerned Housing Providers”

ITEM NO. 9-ATTACHMENT 2

Background

On August 30, 2024, the National Association of Realtors (FPPC ID 495189) gave \$30,000 to Yes on Measure CC, No on Measure BB, Berkeley Rental Housing Coalition Sponsored by Berkeley Property Owners Association (henceforth referred to in this complaint as the Berkeley Property Owners Association, or BPOA, for the sake of brevity).²

<u>Recipient</u>	<u>Contributor</u>	<u>Contribution Amount</u>	<u>Date Made</u>
<u>YES ON MEASURE CC, BERKELEY RENTAL HOUSING COALITION SPONSORED BY BERKELEY PROPERTY OWNERS ASSOCIATION, BERKELEY, CA 94704, 1379546</u>	<u>NATIONAL ASSOCIATION OF REALTORS, 495189</u>	\$35,000.00	8/30/2024

Filing with Secretary of State by the *contributor*, the National Association of Realtors

I only became aware of this contribution by chance, when it was mentioned as a bullet point at the very end of a wholly unrelated [news article](#) one of my friends happened to be reading. The journalist who reported this donation was (presumably) only aware because unlike the recipient/respondent, the contributor filed a requisite disclosure. In the absence of this reporting (and my friend happening to read said news article), it is likely that the public would have never been aware of this massive contribution due to respondents' numerous, blatant, and ongoing violations of both state and local campaign finance law.

Complaint #1: Failure to File Form 497 (Late Contribution Report)

[BMC 2.12.295](#) (part of BERA, the Berkeley Elections Reform Act) requires committees to report to the City Clerk within 24 hours any late contributions³ of at least \$1,000. This is done by filing a Form 497.

Thus, respondent was required to file a form 497 with the city within 24 hours of the donation being made. Yet even a month after the deadline for Respondent to file this disclosure, they refused to do so in order to hide the massive contribution from the National Association of Realtors and deceive the public. In fact, they only filed it after a complaint was filed with the city; it is likely that they would have never filed this disclosure (and many others) if they had not realized they had been caught because such a complaint was filed.

Complaint #2: Failure to Disclose Aforementioned Contribution on First Pre-Election Statement

² <https://dbsearch.sos.ca.gov/LateContribMadeSearch.aspx> → Recipient Name (Option: Contains): Berkeley Property Owners Association)

³ Defined as contributions on or after August 7, 2024

ITEM NO. 9-ATTACHMENT 2

[BMC 2.12.270](#) requires committees to file by September 26, 2024 a first pre-election statement covering the window of July 1, 2024 through September 21, 2024. This is done by filing a Form 460. As previously mentioned, the \$35,000 contribution was made on August 30, and therefore clearly falls within the covered window.

[BMC 2.12.280](#)(G) requires that when a committee files its campaign statement, if it receives a contribution or cumulative contributions from a single source totaling at least \$50, it must include in their campaign statement the full name, street address, amount of each contribution, date of each contribution, cumulative amount contributed by the donor, and (in the case of contributions from another committee), the full name and street address of the contributor-committee's treasurer. When filing their Form 497 for the first pre-election statement, Respondent refused to meet ANY of those requirements (for this contribution and all others) in order to hide the massive contribution from the National Association of Realtors and deceive the public.

Complaint #3: Failure to File First Pre-Election Statement By Deadline

As mentioned above, the deadline to file the first pre-election statement was September 26, 2024. Yet Respondent failed to file a form 497 until September 27, 2024.

Complaint⁴ #5: Repeated Refusal to Disclose Major Funding on Campaign Communications

[BMC 2.12.335](#)(A) requires that Campaign Communications⁵ include

...the phrase "Major Funding Provided By" immediately followed by the name of the contributor, the city of domicile, and the total cumulative sum of contributions by each of the top four contributors over \$250⁶ to the committee funding the expenditure made within six months of the expenditure."

Respondent has numerous such contributions - the first one we know about being the aforementioned \$35,000 from the National Association of Realtors. (Numerous subsequent donations from that group and its affiliates have dwarfed that initial \$35,000, yet they have also failed to list those contributions on numerous pieces of propaganda.) As a result, Respondent is required to put this disclosure on most of their Campaign Communications. Yet Respondent has illegally refused to do so in order to deceive voters. For instance, Respondent has illegally refused to put this disclosure on, among other things:

- [Their campaign website \(yes on CC\)](#)
- [Their campaign website \(no on BB\)](#)
- [This ad](#)⁷

⁴ In actuality, this is multiple complaints. However, for organizational purposes, I refer to this section as Complaint #5

⁵ Defined in [BMC 2.12.335](#)(C)

⁶ This amount is indexed to inflation (\$270), but every single donation is magnitudes greater than the inflation-adjusted threshold.

⁷ yesonmeasurecc.org/faqs → Isn't there another ballot measure about the same thing?

ITEM NO. 9-ATTACHMENT 2

Additionally, numerous online paid advertisements are violating these rules (e.g. ads they are running on Facebook and Instagram). In certain circumstances, a committee may be allowed to have an online ad link to a website with the required information, rather than putting it directly in the ad itself. However, even when Respondent pretends to do that, they in fact fail to meet that requirement because Respondent refuses to have the linked website (generally the aforementioned Yes on CC website) include the legally mandated disclosures of these major contributions.

(As explained below, virtually every piece of propaganda put out by this committee also fails to meet this requirement by illegally referring to themselves as the “Coalition of Concerned Housing Providers” instead of explicitly identifying in their name that they are a sponsored committee of the Berkeley Property Owners Association)

(There are likely numerous other such violations, but I am unable to track down all of Respondent’s propaganda.)

Complaint #6 - Failing to Provide the (Legal) Name of the Committee on Virtually All Propaganda⁸

The name of the committee has been the Berkeley Rental Housing Coalition - Sponsored by Berkeley Property Owners Association⁹. This name (or more specifically, the second half of it) is required by law because the committee has been sponsored by the Berkeley Property Owners Association.

Recently, the committee changed its name to “Yes on Measure CC/No on Measure BB Sponsored by Coalition of Concerned Housing Providers.” According to the Form 410 filed by the committee with Berkeley’s Fair Campaign Practices Committee, the committee has two sponsors: The Berkeley Property Owners Association and the National Association of Realtors. At this time, I do not seek to dispute that both of these entities qualify as sponsors.

When a committee has more than one sponsor and the sponsors are members of an industry or other identifiable group, they may meet the naming requirement by using a term identifying the industry or group. The committee purports to do this by referring to “Housing Providers.” However, this does not meet the legal requirements for multiple reasons.

“Housing providers” is a term created by landlords to attempt to mask that they are landlords due to the (well-earned) unpopularity of landlords. While it may be legally acceptable to use this misleading term in propaganda, it is not acceptable to use it as a descriptor for campaign finance purposes. It would clearly be illegal for a committee sponsored by for-profit businesses to purport to meet the sponsor identification requirement by referring to themselves as “Job

⁸ In actuality, this is multiple complaints. However, for organizational purposes, I refer to this section as Complaint #6

⁹ Occasionally this name may be lengthened to reflect when it has become a primarily formed committee (e.g. Yes on CC/No on BB) rather than a general purpose committee.

ITEM NO. 9-ATTACHMENT 2

creators.” Just as “job creators” would wholesale defeat the entire purpose of this requirement, so too does “Housing providers.”

But even if this pseudo-description was a legally acceptable way of describing landlords, it is still illegal because that pseudo-description clearly fails to include realtors. Housing providers is a euphemism for landlords, based on the spurious claim that they provide housing. But realtors clearly do not fall into this category, as they are merely middlemen. If this description were to be allowed, then even Craigslist would have to be allowed to describe itself as a housing provider simply because it plays a middleman role of listing rental opportunities.

By failing to identify themselves in their name as sponsored by the “Berkeley Property Owners Association and the National Association of Realtors,” “landlords and realtors,” or even the less unreasonable “real estate industry,” Respondents are clearly conspiring to illegally hide the incredibly unpopular sponsors of the committee.

(Additional violations by the committee - both before and after its name change - is that on its form 410s it laughably lists BPOA’s industry as “Grass Roots Trade Association.” This is illegal for multiple reasons. First, there is nothing grassroots about the Berkeley Property Owners Association. BPOA represents and is funded by the city’s slumlords, not a grassroots coalition. On top of that, BPOA is currently [being sued by the Department of Justice](#) for violating anti-trust laws. Second, the description is so laughably generic and uninformative that it wholesale defeats the entire purpose of this requirement. By repeatedly failing to list their industry as landlords, they repeatedly violated the law.)

Additionally, the [committee disclosure info on Facebook and Instagram](#) for the ads they are running on those platforms refer to the committee as the Berkeley Rental Housing Coalition¹⁰, even though they only started running those ads AFTER they (illegally) changed their name. These ads violate the law by using the name of a non-existent committee (since the committee changed its name), by failing to disclose BPOA’s sponsorship, and by failing to disclose the National Association of Realtors’s sponsorship.

¹⁰ This actually represents another violation, because they refer to themselves in the mandated disclosure SOLELY as “[Yes on Measure CC/No on Measure BB,] Berkeley Rental Housing Coalition” without the legally mandated “Sponsored by the Berkeley Property Owners Association” part of their name.

CHANGES TO RENT STABILIZATION ORDINANCE

SUBJECT	MEASURE CC	VS. MEASURE BB
Golden Duplexes	All two unit parcels in which an owner of record currently lives on site as their primary residence and rents the other unit, is fully exempt from the Rent Stabilization Ordinance.	Remains as is (current owner-occupied duplex where an owner of record on December 31, 1979 lived on the parcel as their primary residence).
Single Family Home Rentals	Tenants would not have local eviction protections and owner would not have to pay up to \$26,000 to reoccupy the home.	Remains as is (tenants do not have rent control under Costa Hawkins but do have eviction protections under local law).
Tenant Right To Organize	Tenants may organize and confer with the owner on housing services if at least 2/3 of tenants agree to do so. If requested, an owner must confer in "good faith."	If at least 50% of tenants agree, may organize as a Union and make owner come to table to negotiate. Rent Board has authority to reduce rent or give rent refund if owner was not deemed to have acted "in good faith" with the Tenant Union. Allows the Rent Board to define what "good faith" means. Applicable for any property being managed by a property management company (including duplexes) or any property over 9 units.
Eviction for Nonpayment of Rent	Cannot give a 3-day notice until tenant is in arrears at least one month of the current monthly rent, or more than 90 days in arrears in total.	Cannot give a 3 day notice until the tenant is in arrears one month of fair market rent. If the tenant in unit that is well below fair market rent, could take months in arrears before owner could evict.

CHANGES TO RENT STABILIZATION ORDINANCE

SUBJECT	MEASURE CC	VS. MEASURE BB
Eviction for Violation of a Lease Term	Owners may evict for breach of lease if a new local/state law goes into effect and tenant is in violation (e.g. no smoking in units).	Makes it more difficult to evict if a tenant has violated the lease. Requires that there must be a “substantial violation of a material term of the lease <i>causing actual injury to the landlord</i> ” to evict. Must prove “tenant’s behavior was unreasonable.”
Permanent Rent Relief	Takes 20% of Measure U1 funding (tax on large landlords) and directs it to a Rent Relief Fund. Establishes an oversight committee to direct money for payment of rent.	Would allocate at least \$1.18m per year for “housing retention” using Measure U1 money. Does not specify exact use of funds except to “prevent homelessness.”
Maximum Rent Increases Under Rent Control	65% of CPI with a max cap of 7.1% at any given time.	65% of CPI with a max cap of 5% at any given time.
Charging Tenants for Utilities	Remains as is (owners may charge for utilities outside of the monthly rent, e.g. water that is not separately metered, charged on a reasonable per person usage basis).	Owner may NOT charge for utilities outside the monthly rent unless the utility is completely and separately metered.
Termination of Tenancy at Lease Renewal	Owner must give tenant at least 60 days’ notice of opportunity to renew lease.	If tenant does not renew lease, they can stay without communicating or confirming plans with owner; all tenancies automatically convert to month-month unless tenant agrees otherwise. Owner must accept rent and accept term as M2M.

CHANGES TO RENT STABILIZATION ORDINANCE

SUBJECT	MEASURE CC	VS. MEASURE BB
Owners Who Rent a Room to a Tenant	Remains as is under state law (owners who share a kitchen/bath with tenant exempt from rent control & eviction protections)".	Exemptions from rent control & eviction protections would only apply if owner lived there from the beginning of the tenancy.
Financial Fine for Owners Who Don't Register Tenancies	Remains as is (no financial penalty for not registering tenant, if not registered, owner is out of compliance and may not increase rent or evict).	Gives broad authority to Rent Board to levy a fine on landlords that do not notice the Rent Board of a new tenancy within 15 days of commencement of the tenancy.
Costa Hawkins Eradication	Remains as is (properties exempt from rent control for the first 20 years after issuance of Certificate of Occupancy).	Properties exempt from rent control for first 15 years after issuance of Certificate of Occupancy. <i>Could only occur if Costa Hawkins was eradicated at the state level.</i>
Filing of Eviction Notices & Unlawful Detainers with Rent Board	Remains as is (owners must file copy of eviction notice and/or Unlawful Detainer within 10 days of filing with court).	Shortens required filing period. Owners must file copy of eviction notice and/or Unlawful Detainer within 3 days of filing with court.

Fair Campaign Practices Commission

Date: October 15, 2024

To: Fair Campaign Practices Commission

From: Samuel Harvey, Secretary

Subject: Complaint alleging violation of BERA by No on GG

On October 15, 2024, Commission staff received the attached complaint (“Complaint”) alleging that the campaign committee Berkeleyans for Effective Climate Action, No on GG (“Committee”) violated the Berkeley Election Reform Act (“BERA”) (BMC Ch. 2.12.) by failing to include “Major Funding Provided By” disclosure language in an advertisement which appeared on the Berkeleyside website. As discussed below, Commission staff have reviewed the complaint and determined that the advertisement does not violate BERA’s “major funding” disclosure provisions. Staff therefore recommend that the Commission dismiss this complaint and take no further action.

Background

BERA provides that “campaign communications supporting or opposing any candidate or measure shall include the name of the committee and the phrase “Major Funding Provided By” immediately followed by the name of the contributor, the city of domicile, and the total cumulative sum of contributions by each of the top four contributors over [\$270] to the committee funding the expenditure made within six months of the expenditure.” (BMC §§ 2.12.335.A & 2.12.545.)

For the purposes of this requirement, a “campaign communication” includes “paid advertisements, including but not limited to advertisements in newspapers, magazines, and on the Internet.” (BMC § 2.12.335.B.)

The Commission has promulgated the following regulation pertaining to the application of the disclaimer requirements in Section 2.12.335 to text or graphic “electronic media” advertisements:

The disclosure information in a text or graphic electronic media advertisement must appear in letters at least as large as the majority of the text in the advertisement, or alternatively, if the advertisement is limited in size (e.g., a micro bar, button ad, paid text advertisement that is limited to 500 characters or less in length, or small paid graphic or picture link), the disclosure is displayed via link to a webpage with disclosure information or other technological means that provide the user with disclosure information. In addition, the disclosure information must be visible until the user clicks through the disclosure information, and the disclosure

October 15, 2024

Page 2 Complaint alleging violation of BERA by No on GG

information must appear with a reasonable degree of color contrast between the background and text of the statement as to be legible. (FCPC Reg. R2.12.335(b).)

Analysis

The Complaint asserts that an online advertisement paid for by the Committee, which appeared on Berkeleyside.org failed to include the “Major Funding” disclosure language required by Section 2.12.335. (See Attachment 1.) Commission staff confirmed that that the ad has appeared and, as of the date of this report, continued to appear on the Berkeleyside website. (See Attachment 2.) Staff have also confirmed that clicking on the advertisement directs the reader to the Committee’s website (noongg.org.) That website contains Major Funding disclaimer information, including the name, city and total amount of the Committee’s top contributors. (See Attachment 3.)

As a paid online advertisement, the Berkeleyside.org advertisement falls squarely within the list of enumerated types of “campaign communications” covered by Section 2.12.335. However, the advertisement also appears to be the exact type of online advertisement which the Commission contemplated when it promulgated Regulation R2.12.335. That regulation specifically identified “graphic electronic media advertisements” including micro bars, button ads, paid text advertisements limited to 500 characters, or small paid graphic or picture links, as advertisements which could satisfy the requirements of Section 2.12.335 by providing the Major Funding disclosure via a linked webpage. The Committee’s Berkeleyside advertisement appears to be a clear example of a “button add” or similar small online advertisement. Based on the size and space available on the advertisement, it is difficult to imagine how the Committee could have included the Major Funding disclosure language in the advertisement itself.

Staff therefore conclude that the Committee did not violate BERA by producing an online advertisement which appeared on Berkeleyside.org and provided the disclosure required by Section 2.12.335 via linked website. Staff recommend the Commission dismiss the Complaint and take no further action.

Date: November 14, 2024

To: Fair Campaign Practices Commission

From: Samuel Harvey, Secretary

Subject: Enforcement referral regarding Andy Kelley for Rent Board 2020

At its October 17, 2024 meeting, the Commission received the attached referral from the City Clerk regarding failure by the campaign committee Andy Kelley for Rent Board 2020 ("Committee") to file the campaign statement (Form 460) covering the period January 1, 2024 to June 30, 2024, which was due July 31, 2024. The Clerk's referral also indicated that the Committee failed to file any reports covering the year 2023. (Attachment 1.)

At the Commission's direction, the Commission Secretary sent the attached notice to the Committee on October 25, 2024, informing the Committee of its obligations and warning the Committee that the Commission may pursue enforcement action against the Committee. (Attachment 2.)

On October 25, 2024, the same day the Secretary's notice was sent, the candidate sent a response indicating that he did not believe there has been any activity by the Committee since the 2020 election, and that he intends to resolve the outstanding filings "as soon as possible." (Attachment 3.) As of the date of this report, no additional filings have been submitted by the Committee.

As the candidate noted in his message to the Secretary, it is possible the Committee has had little or no activity since the 2020 election. The Committee's last-filed campaign statement, which was filed on April 12, 2023 and covers the period from July 1, 2022 to December 31, 2022, shows a single un-itemized expenditure of \$99 and an ending cash balance of \$302.83. (Attachment 4.)

The Secretary recommends the Commission review this matter and direct staff to take action it deems appropriate, consistent with the Commission's Procedures.

RE: Notice of Investigation and Possible Imposition of Penalties for Failure to File Campaign Statements

Dear Mr. Kelley:

Please be informed that the City of Berkeley's Fair Campaign Practices Commission ("FCPC" or "Commission") considered the attached referral ("Referral") from the City Clerk Department at its meeting on Thursday, September 19, 2024. As indicated in the Referral, your campaign committee Andy Kelley for Rent Board 2020 has failed to file the following:

- Campaign statement (Form 460) for the period January 1, 2024 to June 30, 2024, due July 31, 2024

As the Clerk's Referral indicates, you received a notification and a reminder on July 19, 2024 and July 24, 2024 respectively, informing you of your obligation to file the campaign statement due July 31, 2024. Following your failure to file the statement, you also received two notices of non-filing, via letter and email, on August 6, 2024 and September 10, 2024, reminding you of your obligation to file the above campaign statement.

In addition, City records indicate that your committee has failed to file any reports covering the year 2023. Specifically, your campaign committee Andy Kelley for Rent Board 2020 has failed to file the following:

- Campaign statement covering the period from January 1, 2023 to June 30, 2023, due July 31, 2023
- Campaign statement covering the period from July 1, 2023 to December 31, 2023, due January 31, 2024

ITEM NO. 11-ATTACHMENT 2

Notice of Investigation and Possible Imposition of Penalties for Failure to File Campaign Statements

October 25, 2024

Page 2 of 2

Failure to file campaign statements is a violation of the Berkeley Election Reform Act ("BERA") (BMC Ch. 2.12) and the California Political Reform Act (Cal. Gov. Code § 81000 et seq.) If you do not file these campaign statements, the FCPC may initiate a hearing pursuant to the Berkeley Election Reform Act ("BERA") (BMC Ch. 2.12), where the FCPC will be empowered to levy fines of up to \$1,000 per violation, or up to the amount of the undisclosed contributions or expenditures, whichever is greater. (BMC § 2.12.231.C.) Additionally, should the Commission determine that you have committed a "substantial violation" of BERA, you will be barred from receiving matching funds under the City's public financing program for a period of four years. (BMC § 2.12.555.)

Please also be advised that the City Clerk is authorized to impose penalties for late filing of campaign statements in the amount of \$10 per day for late filings. (Gov. Code § 91013). If imposed for your committee's late statements, late penalties could total up to the greater of \$100 or the total amount of contributions or expenditures reported on each late campaign statement. (Gov. Code § 91013(c).)

Please file your outstanding campaign statements as soon as possible. This matter will appear again on the agenda for the FCPC's November 21, 2024 regular meeting. You are welcome to appear at that meeting to discuss this matter.

Sincerely,

Samuel Harvey
Secretary, Fair Campaign Practices Commission

Hi Samuel, Mark, Kitt,

Thank you for bringing this to my attention.

I do not believe I have had any activity in that account since the 2020 election occurred. I served as my own Treasurer in 2020.

I have reached out to a treasurer to request advice on how to properly go about closing the campaign account with the City, however with the upcoming election it is difficult to get that assistance immediately.

I am very involved in my re-election campaign right now and making sure those reports are filed correctly and on time, but definitely intend to resolve this matter as soon as possible.

If it is helpful for me to attend the FCPC meeting I am glad to do so. I hope to be able to report to them that the account has been closed by then or to have a timeline for its closure, pending the conversation with a Treasurer.

Thank you,
Andy

Fair Campaign Practices Commission

Date: November 14, 2024

To: Fair Campaign Practices Commission

From: Samuel Harvey, Secretary

Subject: Enforcement referral regarding Campaign for Police Accountability

At its October 17, 2024 meeting, the Commission received the attached referral from the City Clerk regarding failure by the campaign committee Campaign for Police Accountability (“Committee”) to file the campaign statement (Form 460) covering the period January 1, 2024 to June 30, 2024, which was due July 31, 2024. The Clerk’s referral also indicated that the Committee failed to file any reports covering the year 2023. (Attachment 1.)

At the Commission’s direction, the Commission Secretary sent the attached notice to the Committee on October 25, 2024, informing the Committee of its obligations and warning the Committee that the Commission may pursue enforcement action against the Committee. (Attachment 2.) As of the date of this report, the Secretary has not received any confirmation of receipt of the notice or any correspondence from the Committee, and no additional filings have been submitted by the Committee.

In its last-filed campaign statement, which was filed on January 27, 2023 and covers the period from July 1, 2022 to December 31, 2022, the Committee reported no activity during that period, a cash balance of zero dollars, and only \$50 in contributions and \$50 in expenditures made during the first half of 2022. (Attachment 3.) It is possible the Committee has not had any activity since 2022.

The Secretary recommends the Commission review this matter and direct staff to take action it deems appropriate, consistent with the Commission’s Procedures.

Dear Russ:

This letter is notice that open campaign committees must file a semi-annual campaign statement (Form 460) covering the period of January 1 – June 30, 2024. The statement is due by **Wednesday, July 31, 2024**. Failure to file by the deadline may result in enforcement actions or fines under the Political Reform Act and the Berkeley Election Reform Act (BERA). Additional information regarding your filing obligations is below.

Termination

Filing obligations continue until the committee has terminated. You may terminate when there are no surplus funds, no outstanding loans or unpaid bills, or there is inability to discharge debt. To terminate the committee, file a terminating Form 410 and Form 460. Refer to the [State Campaign Disclosure Manual](#) appropriate for your committee for detailed information on these requirements. Remember that the original Form 410 is filed with the Secretary of State, and a paper copy is filed with my office.

Differences in State and Local Law

Berkeley's campaign disclosure requirements differ from state law. Consult the Fair Campaign Practices Commission's regulations and campaign filing manual (available on our website at <https://berkeleyca.gov/your-government/elections>) to ensure full compliance with the law.

Most campaign statements must be filed electronically. If you need help with the electronic filing system, please contact my staff at (510) 981-6908 or elections@berkeleyca.gov.

RE: Notice of Investigation and Possible Imposition of Penalties for Failure to File Campaign Statements

Dear Mr. Tilleman:

Please be informed that the City of Berkeley's Fair Campaign Practices Commission ("FCPC" or "Commission") considered the attached referral ("Referral") from the City Clerk Department at its meeting on Thursday, September 19, 2024. As indicated in the Referral, your campaign committee Campaign for Police Accountability has failed to file the following:

- Campaign statement (Form 460) for the period January 1, 2024 to June 30, 2024, due July 31, 2024

As the Clerk's Referral indicates, you received a notification and a reminder on July 19, 2024 and July 24, 2024 respectively, informing you of your obligation to file the campaign statement due July 31, 2024. Following your failure to file the statement, you also received two notices of non-filing, via letter and email, on August 6, 2024 and September 10, 2024, reminding you of your obligation to file the above campaign statement.

In addition, City records indicate that your committee has failed to file any reports covering the year 2023. Specifically, your campaign committee has failed to file the following:

- Campaign statement covering the period from January 1, 2023 to June 30, 2023, due July 31, 2023
- Campaign statement covering the period from July 1, 2023 to December 31, 2023, due January 31, 2024

ITEM NO. 12-ATTACHMENT 2

Notice of Investigation and Possible Imposition of Penalties for Failure to File Campaign Statements

October 25, 2024

Page 2 of 2

Failure to file campaign statements is a violation of the Berkeley Election Reform Act ("BERA") (BMC Ch. 2.12) and the California Political Reform Act (Cal. Gov. Code § 81000 et seq.). If you do not file these campaign statements, the FCPC may initiate a hearing pursuant to the Berkeley Election Reform Act ("BERA") (BMC Ch. 2.12), where the FCPC will be empowered to levy fines of up to \$1,000 per violation, or up to the amount of the undisclosed contributions or expenditures, whichever is greater. (BMC § 2.12.231.C.)

Please also be advised that the City Clerk is authorized to impose late filing penalties in the amount of \$10 per day. (Gov. Code § 91013). If imposed for your committee's late statements, late penalties could total up to the greater of \$100 or the total amount of contributions or expenditures reported on each late campaign statement. (Gov. Code § 91013(c).)

Please file your outstanding campaign statements as soon as possible. The FCPC understands that City records indicate that your committee had a cash balance of \$0.00 and no outstanding debts as of December 21, 2022. However, even inactive campaign committees continue to incur campaign statement filing obligations until the campaign committee is terminated.

This matter will appear again on the agenda for the FCPC's November 21, 2024 regular meeting. You are welcome to appear at that meeting to discuss this matter.

Sincerely,

Samuel Harvey
Secretary, Fair Campaign Practices Commission

Officeholder and Candidate Campaign Statement — Short Form - AND - Form 470 Supplement

CALIFORNIA
FORM
470

Who Uses Form 470:

Form 470 is for use by officeholders and candidates who:

- do not have a controlled committee;
- do not anticipate receiving contributions totaling \$2,000 or more during the calendar year; and
- do not anticipate spending \$2,000 or more during the calendar year.

Officeholders and candidates who have a controlled committee or who have raised or spent \$2,000, file the Recipient Committee Statement — Form 460.

Exceptions:

The following individuals seeking or holding office are not required to file campaign disclosure statements (Form 470 or Form 460):

- candidates for county central committee offices that do not raise or spend \$2,000 or more in a calendar year;
- officeholders whose salaries are less than \$200 per month and judicial candidates who have not made or received contributions or made expenditures during non-election years; and
- judges who do not receive contributions and who make personal expenditures of less than \$1,000 or more in non-election years.

Period Covered:

The period covered is always the calendar year (January 1 through December 31).

\$2,000 Threshold:

To determine if \$2,000 has been raised or spent, or will be raised or spent, the candidate's personal funds for the filing fee or statement of qualifications are excluded.

A campaign bank account must be established if the candidate receives contributions from other persons.

When to File:

Ensure campaign deadlines are met. Go to www.fppc.ca.gov for campaign disclosure filing schedules.

If the Form 470 is filed in connection with an election, or on or before the filing deadline for the first campaign statement required for the calendar year, no additional campaign statements need to be filed for that calendar year as long as total contributions received remain less than \$2,000 and total expenditures made remain less than \$2,000. In most cases, July 31 is the filing deadline for the first campaign statement required to be filed by officeholders and candidates not being voted upon.

The Form 470 is filed in connection with an election if it is filed with the declaration of candidacy, or as a first preelection statement in connection with an election, covering the year of the election. If, after filing Form 470, receipts or expenditures reach \$2,000 or more, see the attached Form 470 Supplement for important reporting requirements.

Where to File:

State Elections:

State officeholders, state candidates, candidates and members of CalPERS and CalSTRS, judges and judicial candidates must file the original and one copy with:

Secretary of State
Political Reform Division
1500 11th Street, Room 495
Sacramento, CA 95814
Phone (916) 653-6224
Fax (916) 653-5045
www.sos.ca.gov

Additional Copies:

A copy of the Form 470 must also be filed with the candidate's county of domicile's filing officer. CalPERS and CalSTRS board candidates must file a copy of the Form 470 with the relevant CalPERS or CalSTRS office and not the candidate's county of domicile.

Local Elections:

- Elected officers and candidates for local multi-county agencies file an original and one copy with the elections official for the county with the largest number of registered voters in the district and one copy with the candidate's county of domicile.
- Elected county officeholders and candidates for county offices file an original and one copy with the elections official for that county.
- Elected city officeholders and candidates for city offices file an original and one copy with the city clerk.

Note: A local agency may impose additional requirements.

Amendments: If you are filing an amendment to a previously filed statement, give a brief explanation of the amendment. Be sure to enter the calendar year covered by the statement you are amending and the date of election, if applicable.

This form was prepared by the Fair Political Practices Commission (FPPC). For detailed information on campaign reporting requirements and the Information Practices Act of 1977, see the FPPC Campaign Disclosure Manual.

Office of the City Attorney

DATE: November 14, 2024

TO: OPEN GOVERNMENT COMMISSION

FROM: SAMUEL HARVEY, Deputy City Attorney/Commission Secretary

SUBJECT: ANNUAL REPORT UNDER BMC SECTION 2.06.190.C

Introduction

The Open Government Ordinance (“OGO”) (Berkeley Municipal Code (“BMC”) Chapter 2.06) requires that the City Manager prepare an annual report to the Open Government Commission that contains at least the following information:

1. The number of Public Records Act (“PRA”) requests received by the City;
2. The average length of time taken to respond to those requests;
3. The approximate number of pages produced in response to those requests;
4. The number and resolution of all written complaints received by the City concerning its compliance with the Public Records Act with respect to such requests;
5. The number and resolution of all complaints received by the City concerning its compliance with the Brown Act; and
6. Any other information the City Manager deems appropriate that relates to the City’s compliance with this Ordinance, the Brown Act, the Public Records Act, or open and effective government in Berkeley.

The City Attorney’s Office has been designated to fulfill the City Manager’s PRA obligations. This report covers calendar year 2023. Each topic specified in Berkeley Municipal Code section 2.06.190.C is addressed below.

1. The Number of Public Records Act Requests Received by the City; the Average Length of Time Taken to Respond to Public Records Act Requests; and the Approximate Number of Pages Produced in Response to Public Records Act Requests

Currently, there are over 50 designated staff in 17 departments that use the City's NextRequest online portal system to track and respond to PRA requests. For each request, staff must provide all responsive records to the requester and track the date of the initial response, provide responsive documents, and post the results of the request to the NextRequest system. The City adopted the NextRequest system in 2020.

Under the PRA, the City must respond to a request within 10 calendar days to notify the requestor whether records will be provided. (Cal. Gov. Code § 7922.535.) The City may assert a 14-day extension for a number of reasons, including where the request seeks a voluminous amount of records, requires inter-agency coordination, seeks records maintained in off-site storage, or requires elaborate technological/IT work to fulfill. (Id.)

When providing the initial response, City staff must either provide the responsive records, inform the requestor that no responsive records exist, or provide an estimated time for production of the records. The PRA does not provide concrete deadlines for records production, but requires that records be provided "promptly." (Cal. Gov. Code § 7922.530(a).)

The data in this report are generated from automated features within the City's PRA software. For a number of reasons, this software will often over-report the number of missed deadlines. For example, if a staff member has responded to a request and provided all responsive records but does not close out the request in the program until a later date, the request's closure date will be erroneously reported as late. This could occur where a staff member wishes to leave a request "open" to ensure all records have been provided or otherwise review the City's response to the request. This may also be the case where a staff member has fulfilled a request by emailing a requestor directly, and has not updated the request entry in the NextRequest system in a timely manner.

Additionally, the City will often respond to voluminous requests on a "rolling basis," where staff will provide sets of records as they are able to compile, review and produce them. Oftentimes, staff will manage a rolling production by adjusting the deadlines in the program to reflect the next estimated date of production. Failure by staff to meet a self-imposed estimated date of next production entered into the NextRequest system is not itself a violation of the PRA, but will be marked as a missed deadline by the system.

Following adoption of the NextRequest program, staff have identified a notable increase in the reported lateness of PRA responses. Staff estimate that most of this reported increase is due to the above-noted discrepancies between the response dates as reported by the NextRequest program and the actual timeliness of staff's response. However, the increased sensitivity of the NextRequest program may also be identifying

a larger number of actually late responses than the City's old PRA program. The Commission Secretary is considering additional training for department Public Records Act liaisons, including more technical guidance on the best practices for accurately tracking requests via the City's NextRequest portal.

The following is a summary of the City's PRA responses for 2023:

a. 2023

The City received 1,539 PRA requests from January 1, 2023 to December 31, 2023, a 29% increase over the number received in 2022, and a 63% increase over the number received in 2019. A number of factors have contributed to the increase in requests, including the relative ease with which a request may now be submitted via the City's NextRequest portal, and the recent implementation of statewide legislation regarding disclosure of law enforcement records. As a result, in recent years, requests have become more voluminous, complex and time-intensive.

The following is a list of the number of requests received by the City from 2019 to 2023:

<i>Year</i>	<i>Number of Requests</i>
2019	944
2020	762
2021	1,025
2022	1,191
2023	1,539

For 2023, the 1,539 requests break down by department as follows: City Attorney (96), City Auditor (1), City Clerk (49), City Council (16), City Manager (74), Mayor's Office (8), Finance (51), Fire Department (139), Health, Housing & Community Services (38), Human Resources (45), Information Technology (12), Library (3), Parks (21), Planning (428), Police (326), Public Works (65), Rent Board (52), Multi-Department (208).

According to the report automatically generated by the City's NextRequest system, of the 1,539 requests received, approximately 68% (1,044) were responded to within the required 10-day time period (or, with a 14-day extension, 24-day time period). Three hundred and twenty-eight (328) requests, or 27.53% were responded to outside the required time frame. As noted above, Commission staff believe these numbers are greater than the actual number of late responses. However, without reviewing each request individually, it is difficult to precisely determine the degree to which NextRequest overreports late responses.

ANNUAL REPORT TO OGC
November 14, 2024
Page 4

The City's NextRequest portal indicates 23,541 documents were uploaded to the system for review and production in 2023. Additional records were also provided to requestors via direct email or hardcopy, which are not reflected in this figure.

The NextRequest system tracks the number of documents produced but not the number of pages. City records from before the adoption of the NextRequest system indicate that in 2018, the City produced 67,318 pages in response to 873 records requests, and in 2019, produced 34,720 pages in response to 944 records requests, for a combined average of 56 pages per request. A proportionate number for the 1,539 requests received in 2023 would be 86,184 pages.

Attached to this report as **Attachment 1** is report generated by the NextRequest system for the period January 1, 2023 to December 31, 2023.

2. The Number and Resolution of all Written Complaints Received by the City Concerning its Compliance with the Public Records Act, the Brown Act, and the Open Government Ordinance

City records do not indicate the filing of any lawsuits regarding the City's compliance with the Public Records Act, Brown Act or OGO during calendar year 2023.

Pursuant to Section 2.06.190 of the Open Government Ordinance ("OGO"), the Open Government Commission hears complaints concerning alleged non-compliance with this Ordinance, the Brown Act or the Public Records Act, by the City or any of its legislative bodies, officers or employees. The Commission is charged with (1) considering ways to informally resolve those complaints and make recommendations to the Council regarding such complaints, (2) seeking advice from the City Attorney concerning those complaints; and (3) advising the City Council of its opinion, conclusion or recommendation as to any complaint.

The Commission received the following complaint in 2023:

- a. Complaint from James McGrath raising concerns regarding compliance with Open Government Ordinance, Public Records Act and Brown Act

This complaint raised concerns about the City's handling of its responses to numerous Public Records Act requests submitted by the complainant. The complainant's requests sought records pertaining to City action and deliberation related to the marina, waterfront and proposed ferry terminal. These requests were directed to the following City departments: City Clerk, City Attorney, and Parks, Recreation and Waterfront. The Public Records Act issue raised by this complaint was the apparent withholding of a letter sent by City staff to an outside agency, the Alameda County Transportation Commission ("ACTC"), which the complainant received in response to a subsequent records request submitted to ACTC. Based on the Commission Secretary's review, the

ANNUAL REPORT TO OGC
November 14, 2024
Page 5

letter in question was a public record. However, the Commission Secretary confirmed that the letter was not responsive to any records request submitted by the complainant to the City because it was not written until after the complainant submitted his records requests. Nonetheless, the Commission Secretary confirmed with City staff that the record would be disclosable in the event it was responsive to a records request.

The complaint also raised a Brown Act concern about the agenda for the July 27, 2022 meeting of the Transportation and Infrastructure Commission ("TIC"). The complaint asserted that the agenda title for the TIC's consideration of the Complete Streets Checklist for a grant application for the ferry and pier project was deficient. The Commission concurred with this assertion and submitted a letter to the City Council and City Manager requesting that City staff take care to provide detailed agenda item titles in order to adequately inform the public of the nature of the items appearing before City legislative bodies.

3. Any Other Information that Relates to the City's Compliance with the OGO, the Brown Act or the Public Records Act

Public Records Act

The City Attorney's Office conducts regular trainings for City staff on the requirements of the California Public Records Act and how to properly respond to those requests. These trainings started in 2014 and are conducted on an as-needed basis. The trainings are helpful for staff to properly identify a request for public records, fulfill the request in a legal and timely manner, and to track the requests in the City database. The City Attorney's Office will be holding another training session for Public Records Act liaison's this December, with particular attention paid to timely processing of requests, proper use of the NextRequest portal, and best practices for reviewing responsive records.

Key Assumptions

Requests Overdue

For requests that were closed prior to October 28, 2018 requests are counted as overdue only if they were overdue at the time the request was closed.

Late Responses

A late response indicates that there were no documents released; no message or invoice sent to the requester; or that the request remained open past its due date.

Response and Fulfillment Speed

Response time is tracked using the first external message sent through the NextRequest portal. This metric assumes that the message sent includes either a "request for clarification" or a time estimate.

Fulfillment time is calculated based on the time from when the request was created to the first date the request was closed (if there are multiple closed dates, only the first one is used).

Median days to close and average days to close are calculated based on the number of requests that have a closed date within the reporting period.

Staff Time

Staff time only accounts for time logged in NextRequest. This metric assumes that staff members regularly log all staff time in the portal and that the hourly rates are accurate and up-to-date.

Staff Cost

Staff cost only accounts for costs logged in NextRequest. This metric assumes that staff members regularly log costs in the portal.

Message Templates Report

The message templates report tracks message template usage from February 25, 2018 onwards.

INTRODUCTION

Under the Berkeley Election Reform Act, all candidates running for local office, ballot measure committees, certain general purpose committees, and primarily formed committees supporting or opposing candidates and/or measures in the November 5, 2024 Election are required to disclose information regarding individual contributors who give \$50 or more. The Berkeley Election Reform Act requires that the City publish a list of all persons contributing \$50 or more to any candidate or committee in that election and the amounts of the contributions reported through October 19, 2024.

The list includes contributions from the beginning of the 2024 election cycle through October 19, 2024, which were disclosed on campaign statements received by the City Clerk Department. Copies of the campaign statements including contributions and expenditures are posted on the City of Berkeley's website at the Public Access Portal (<https://www.netfile.com/agency/brk/>) and may be viewed at the City Clerk Department, 2180 Milvia Street, Berkeley.

In 2016, Berkeley voters adopted the Berkeley Fair Elections Act of 2016. This ballot measure created a voluntary program providing public matching funds for candidates running for the office of Mayor, City Council, Rent Stabilization Board, School Board Director, and Auditor. Participating candidates are eligible to receive a 6-to-1 match on qualifying contributions of up to \$60 (e.g., for a \$60 qualifying contribution, a participating candidate receives \$360 in public matching funds). Candidates participating in the Public Finance program are identified by "PF" next to the committee name. Not all contributions are eligible for matching funds.

The list of contributions is available in hard copy at the following locations in Berkeley and online at <https://berkeleyca.gov/your-government/elections/campaign-finance>
